

1. Install "Smart Life" APP.
2. Open "Smart Life" APP, register an account and log in.
3. Click "Add Device" button on APP. (Make sure must be connected WI-FI and turn on Bluetooth function and Location function on your phone, for discovering the fan quickly.)
4. Long press (at least 5 seconds) the wifi button (8H button) which has  on remote control until the fan buzzing 5 times. When the fan has been discovered, click "Add".

Wifi button-----

5. Select 2.4Ghz wifi network, enter wifi and password. Then your phone has connected with APP.
(IF the fan hasn't been discovered, you can switch off the fan's breaker box for 5 minutes, and try again from step.4)
(Please make sure your WI-FI is available and has good signal, and ONLY SUPPORT 2.4G WI-FI while pairing with Internet! After pairing successfully, you can use the APP with 4G/ 5G network.)
